Sixth Sunday of Easter

Oh God, let all the nations praise you! Psalm 67:2

Weekly News

-This Sunday is the Sixth Week of Easter. In the Gospel reading, Jesus tells his disciples that the Holy Spirit will teach them and remind them of all Jesus has instilled in them. He knows he will be leaving the disciples soon. Jesus also knows that with the Holy Spirit to guide them, the disciples will continue his mission of spreading God's love and peace to all. Today let us remember that we have the Holy Spirit to guide us too. May we be the disciples of today and share his love, joy, and peace with all we meet.

-7 full days and two ½ days left of school. The year has flown by. These last few days we will continue to work hard to complete concepts.

-Our last math unit will focus on time. The students will review time concepts, compute start and end times, and elapsed times.

-Science lessons will continue with mountains, volcanos, and earthquakes. This week we mapped out where many of these are located on our world map. We searched for patterns. Ask your child about the tectonic plates and the Ring of Fire.

-Writing Binders will be organized, labeled, and the last section of poetry will be added. Riddle, Cinquain and Imagery Poems will be our final writings of this week.

-Memorial Day-Reminder there is no school on Monday. As we enjoy our long weekend, let us pray for all the men and women who have sacrificed their lives for our country. May they rest in peace with our Heavenly Father.
