Student of the Week

Thelen Faber is our special student of the week. He is the youngest in his family and has three older brothers. Thelen enjoys practicing drop kicks in his backyard, playing computer games and drawing. When he is older he would like to attend MSU and be the punter for the football team. His favorite foods are spaghetti, corn and bowtie pasta. His favorite restaurants are Little Caesars and Culvers. Thelen enjoys movie night and going on bike rides with his family. His favorite color is gold and his favorite subjects are gym and math. Way to go, Thelen! We are so proud of you!

What We're Learning

This week in ELA, we focused on words with -ing and -ed. We also reviewed syllables and wrote about something we enjoyed doing with our family using a graphic organizer. In math, we continued our focus on related facts. The students also learned how to find the missing addend in an addition problem. We practiced coins, counting by 2 and 5, and reading and writing numbers over 100. In Theology, we focused on how Jesus died for all of us and how much he loves us. We also discussed All Saints Day. We discussed how saints love and serve God and how they put God first in their lives. Finally, we celebrated Halloween and the students had an amazing time. Thank you for all the treats. The students enjoyed it!

Supporting Your Child at Home

Please continue to practice math facts and read daily. Twenty minutes of reading every night will make a big difference. I will put the November Book-It calendar in your child's homework folder next week. The October Book It calendar is due next Monday!

Have a Blessed weekend!! Remember to adjust your clocks on November 2nd!!
