## Around the Classroom

There will be no school on Monday in observance of Memorial Day. I wish your family a relaxing and safe weekend.

We will study the *last* two terms in AV! In science we will continue learning about amphibians and reptiles through our student presentations. Those students who have already presented have done a great job! The BIG review of all 50 states and capitals is our last major test in social studies. The class and I have decided that Monday, June 4 is the day of the test. Please remind your student to study nightly. We will continue learning about growing in holiness in Theology. In math 4<sup>th</sup> grade will wrap up fractions and decimals. Third graders will continue measuring perimeter and area.

Tuesday night is our big music concert! The recorders are sounding terrific, and the students are excited to perform for you! Please have your student dressed in Sunday best and here by 5:40 p.m. Thank you to Miss Brink for preparing the students!
