

5th and 6th Grade Notes

January 31, 2020

What a great Catholic Schools Week! The class had a fun time visiting businesses. Our class was featured in an article in the Daily News this past Wednesday.

What we've done this week...

- **ELA**

- We continue our book study of Charlotte Doyle.
- Students should have read through chapter 6 and completed the packet pages that correspond. If not, that will need to be done this weekend.

- **Social Studies**

- We learned about the first written language, cuneiform.
- We will finish a fun STEM project related to cuneiform next week.

- **Religion**

- Those that haven't tested on the Nicene Creed or Hail, Holy Queen should still be working towards that goal. Several have learned the Sorrowful Mysteries.
- Saint papers are in the hallway.
- We will be testing over unit 3 next week. Plenty of review and study will be done in class, so it's important your child is here everyday.

- **Math**

- 6th grade math is still working with negative and positive numbers. We will continue with the 4 operations on integers over the next week or so.
- Manipulating decimals through multiplication and division continues to be the focus for 5th grade math.

- **Other News**

- Included in today's papers, all fifth graders received a packet regarding scholarship information for sixth grade. Please look it over and apply.
- Good job so far with those that have brought water bottles to class.
- Thank you to all VIPs that shared lunch with your student today.
- We are planning a trip with grade 7/8 to Green Acres in Greenville to share in Mass, make a small craft, and visit with residents on February 12.

- Although we have Mid-Winter Break on Valentine's Day, our class will have a small social Thursday, February 13, in the afternoon. If you wish to send cards or treats, please include all members of our class. A class list is attached.

As always, contact me with any questions. I hope everyone stays safe and warm this weekend.
