

St. Charles Borromeo Catholic School
3rd & 4th Grade Newsletter

January 24, 2020

Hi Everyone,

Another busy week has flown by! Mrs. DeVries did a science experiment with us using salt water versus water for growing plants. We also learned about the scientific method.

Thank you for returning your conference preference slips. They will be held February 5 and 10 and will once again be student led.

Songfest will be March 5 at 7:00. More information will be coming. The students have been practicing for it.

Know you are a beautiful child of God. Blessings, *Mrs. DeVries and Mrs. Hamman*

Academic Learning

Reading ~ reading their individual chapter books, dividing words into syllables, talking about our reading, reviewing phonic sounds, using the 6 Notice & Note signposts reading strategies

Writing ~ writing opinion papers, weekly paragraph writing, proofreading sentences, and grammar

Math ~ estimating, expanded notation, place value, adding and subtracting with carrying and borrowing, multiplying with one and two digits, math games with the facts

Religion ~ the kingdom of God

Science ~ learning about photosynthesis

Michigan History ~ explorers, trading, and settlements

IXL ~ practice grade level and above skills in math and language arts . . .
Yes, students can practice at home too. :)

Did you know?

Friday is measurement and data day! Mrs. DeVries teaches us about measurement and Mrs. Hamman teaches us about data and statistics. This week, we measured objects and made bar graphs with the number of colored m&m's in a party bag of them.

Christian Serenade

Academic Attitude

~ Math Facts of
Multiplication & Subtraction
~ Reading 20 minutes a day :)

Servant Attitude

~ Play cards with your siblings
~ Breakfast for your family

Prayers to Recite

Continue to practice
the prayers on the purple sheet!
Apostle's Creed ~ February 3-7

Faith ~ Academics ~ Service
