It was a short but productive week. The students have worked hard this week and, for the most part, done a great job of staying on task. Please take a moment to remind students of the importance of doing the appropriate things at the appropriate times. As the weather improves and the days get a little longer, staying focused in the classroom can become a challenge. We want our kiddos to show their excitement and exuberance at the promise of spring. We just need that to be demonstrated at the appropriate times. Thank you for sharing a gentle reminder.

Have a great wonderful extended with your families.

God Bless You All,

-Mrs. Gilbertson
