

# Preschool and Kindergarten Open House

**March 22-25**  
6 -8 pm

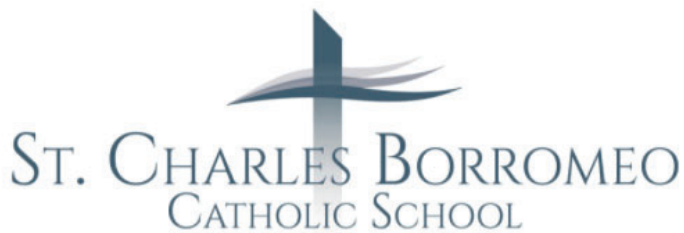

A St. Charles School education is faith-based, academically outstanding and service-oriented. Students enjoy the very latest technology, a host of exploratory opportunities including music, art, Spanish, technology, physical education, library, band, orchestra, an outdoor classroom and greenhouse.

- Call to schedule an appointment for a private tour to maintain safety protocols.
- There will be an additional open house in April for preschool - 8th grade.
- Welcome Scholarships are available for new families and financial assistance is available.
- We have had zero Covid-19 cases in staff and students and have continued with in-person instruction all year.
- **All faiths are welcome!**

**A St. Charles School education is faith-based, academically outstanding and service oriented.** Teaching the message of Jesus and building the Christian community is integrated into everything we do. Students receive a top-notch education infused with engaging faith-based lessons that allow students to explore interests and better understand the world around them. From preschool through 8th grade, our students are guided to follow the example of Jesus and serve others.

We have openings in the preschool three-and four-year old classes, as well as kindergarten through eighth grade and we would love to see you at our preschool and kindergarten open house Monday, March 22nd - Thursday, March 25th from 6 - 8 p.m. Visitors will be by appointment only, to be sure we follow our safety protocols. Mrs. Saladin, the preschool teacher, and Mrs. DeWitt, the kindergarten teacher, are so excited to meet you and share the wonderful ways that we will work with and teach your child--academically, socially, and spiritually.

A lifelong resident of Belding and parishioner of St. Joseph, **Tonya Saladin** is a wife and mother of eight children. Teaching preschool is her passion and she provides a fun, enriching and loving experience for St. Charles School preschool students.

Tonya previously taught at Oakwood Christian Preschool for many years as a lead teacher and planner of 3- and 4-year-olds and is excited to continue her Christian ministry of nurturing our youngest learners to grow in their love for God's world. Our goal is to provide an enriching, loving, Christian environment for your child and peace of mind for you in our play-based curriculum that develops language, physical, social, emotional, spiritual, and cognitive skills necessary for your child's future educational success. Outside of the classroom, Tonya enjoys spending time with family, attending sporting events, reading, and enjoying nature.

**Tammy DeWitt** has been an integral part of welcoming students into the St. Charles School family with her warm smile for 19 years. She has two children that are graduates of St. Charles School and now attend high school and college. Tammy loves working with young kids,

watching them grow, and laughing with them each day. Our goal in kindergarten is to ensure your child develops a love for learning and grows closer to God. We are all unique children of God learning and growing at different times, which is why we provide an environment for learning that works best for each of our unique students. We are so blessed to have had a generous donation to our kindergarten classroom this year providing new tables, flexible chairs, rocking stools, lounge area, bookshelves, convenient storage, whiteboards, and more! Tammy enjoys traveling, taking photographs, reading, going to the beach, and of course, teaching!
