## Recess Fun!

What a great first week! The students are transitioning smoothly back into our school routines. They are a wonderful group of children. I have enjoyed getting to know them this week and look forward to a great year together.

This week the children explored their textbooks and marked items they are excited to learn. They took a reading assessment on Friday and will complete the math assessment on Monday. This is a great tool to inform me of the areas that we can work on and the prior knowledge.

Next week we will dive into our daily lessons. The children have a Bible Verse to work on and may have homework if their daily work is not complete. We will also begin recording our assignments in our planners. Once the student has completed the assignment, it will be crossed off with a highlighter.

Our first story in our reading book is Flora and Ulysses. Disney + has the movie available and it would be a good learning activity to compare/contrast the movie to the story. The movie is rated PG. Please email me if you have any questions or concerns about the movie. We would like to watch it at the end of the day on Thursday, Sept. 2.

These are the focus areas for our lessons next week.

- Religion-creation and stewardship
- Math-place value
- Reading-Flora and Ulysses
- English-simple and compound subjects and predicates
- Science-parts of a microscope, living and nonliving things
- Social Studies-Map review, vocabulary,
- Phonics-sounds of “c”and “g”
- Spelling-short and long sounds of “a”

Hope everyone has a great weekend and gets some rest. We will be working hard next week!

Blessings,

Mrs. Norton
