Whew! This has been a great week, but we sure are out of practice. Working specials into our schedule has been interesting. This week we added Spanish. The students enjoyed meeting their new teacher. All the new faces in our building are really making things feel more "pre-COVID".

I hope all of you have a fantastic weekend together. Rest up! We will do it all again on Monday. We are so blessed to be able to come to school each day. Please say a special prayer that we all stay healthy and can continue to do so.

Blessings-

-Mrs. "G"

- **Binders:**

Our class spent a good deal of time this week learning how "Binders" are to be maintained. These binders are to be taken home every Friday allowing parents to see graded work. The work will not be removed from the binders. Students will often have to refer to materials that have been graded previously throughout the marking period. I will tell the students when to clean out the binder. Please ask you child about the binder each weekend.
