Mrs. Kemp's 2nd Grade

October 25-29, 2021

OUR LEARNING

Halloween is nearly here, and there is a lot of excitement in 2nd grade! We will have a small party in our room on Thursday (10/28). Students may wear black and orange instead of uniforms. Please check your email for more information.

Report cards and MAPS test scores will be ready in November. Students are making good progress!

Cooler weather is here. Please make sure your student has a jacket or sweatshirt for recess. It's sometimes pretty chilly at 11:20 a.m. when we go out for recess.

Math & Social Studies

In math we will continue learning about place value. Your student may have math homework as we start to work at a faster pace in class. Please practice math facts each night.

In social studies we will learn about the three different kinds of communities-urban, rural and suburban.

Religion & Reading

In reading we will read our second chapter book while focusing on fiction skills. In writing we will learn about an animal and write a research paper.

In religion we will focus on sin and overcoming temptation. Please have your student practice the Act of Contrition daily at home. Many students are not confident with the words quite yet.
