

Fifth & Sixth Grade Notes

(and 7/8 Grade Math Notes, too)

January 28, 2022

Dear Families,

Included in today's papers is a slip with your conference time. I will be holding virtual conferences unless you have already spoken to me about alternatives. If the time or day listed doesn't work for you, please let me know and we can find something else that will work better.

Greenville does not have school on Monday, so there won't be band or orchestra.

Next week is Catholic Schools Week. See the Weekly Warrior for a list of daily themes and activities. We will start the week with a breakfast provided by the PTO. We will have popcorn in the afternoon during our movie. Students are welcome to bring a drink for themselves. No sharing. We will be watching the 2020 movie version of *The Call of the Wild*. It is rated PG.

Students began learning about the ancient civilizations of Greece

We will be testing on the Sacrament of Baptism next week. There is a Kahoot posted in Canvas, but there is a limit to the number of players. Don't rely solely on the Kahoot for your studying. Books and notebooks can also be used to study.

Next week's vocabulary words will be a review of all of *The Call of the Wild* vocab. URLs for the Quizlets are listed on the back. They are also posted to Canvas, based on week number. Students were assigned the final chapter for reading today. Next week we will begin our final projects for the novel.

Math 5 is adding and subtracting fractions.

Math 6 is making circle graphs with a protractor and compass.

Math 7A is finishing up module 6. Expect a test next week.

Math 7B is working with two-step equations.

Math 8 is busy determining slope and writing equations of a line.

Algebra is working with polynomials.

Peace,

Mrs. Sullivan
