

Fifth & Sixth Grade Notes

(and 7/8 Grade Math Notes, too)

February 11, 2022

Dear Families,

Monday is our monthly charity day. We will be collecting funds for Habitat for Humanity. Your generosity is appreciated.

Monday is also Valentine's Day. Many thanks to our room parents for supplying treats and a craft. If your student is planning on distributing cards or treats to the class, please ensure no one is left out. We will welcome a new student Monday, so our class count is 12. Student names, with the exception of our new member, are listed on the back.

We are still collecting items for the veterans. Small flashlights, adult jigsaw puzzles, address books, plexiglass picture frames, pocket-sized note pads, large print crossword puzzles, and full-sized candy bars are still needed.

We have completed the readings for our Ancient Greece section. We will spend a few more days exploring aspects of Ancient Greek life before reviewing for a test. Our chicken mummies continue to desiccate and should be ready for our final preparations soon.

We began learning about Confirmation by looking up Bible verses and determining the symbol used to represent God's Spirit. Our class continues to do a wonderful job leading the parish in song and chimes during our Wednesday and Friday liturgies.

Final projects for *The Call of the Wild* were due today. We start a new book next week. Vocabulary is on the back. Reviewing grammar rules continues.

Math 5 continues to work with fractions.

Math 6 is converting units within the same system and between customary and metric. We will test next week.

Math 7A has been reviewing simplifying expressions.

Math 7B is working with angle relationships. We should be testing next week.

Math 8 is busy determining slope and writing equations of a line.

Algebra is working with polynomials and will test next week.

Peace,

Mrs. Sullivan
