Mrs. Kemp's 2nd Grade

February 21-25, 2022

OUR LEARNING

This week will be a short one because of mid-winter break. We will study a new list of words, but our spelling test on Friday will only be a practice test. All the words have the -ed and -ing endings. We will read another issue of SUPER magazine. In writing we will begin to work on a story.

In math we will begin working on addition and subtraction concepts to prepare for regrouping. Continued work is needed with telling time and counting change. Please practice at home every day! You will also continue to see math homework each night.

OUR LEARNING

In science we will continue our physics unit by learning about wheels and axles. Be sure to ask your student about our race cars!

In Theology we will continue learning about the Mass. The date for First Communion is May 15th at 11:00 a.m.

Mid-Winter Break

Enjoy mid-winter break!

There is no school on February 21-22. School will resume on Wednesday, February 23.
