Mrs. Kemp's 2nd Grade

March 7-11, 2022

OUR LEARNING

Lent has begun and we are working hard to prepare our hearts for Jesus. We will pray the Stations of the Cross as a school on Monday afternoons, pray and make cards for a student in another classroom, and attend the Sacrament of Reconciliation on March 9th.

We got a little behind in reading last week because of mid-winter break and the snow day, so this week we will continue to read nonfiction text, study words with open syllables in spelling, and finish writing our problem-solution stories. Thanks for your patience!

OUR LEARNING

In math we will move onto strategies for breaking apart numbers to add and subtract. Math homework this week will focus on counting change.

In science we will continue exploring how wheels work as we experiment with toy cars.

READING MONTH

- ★ **March 10-Vocations Day**
- ★ **March 17- Wear green with jeans**
- ★ **March 24-Wear patterns or bright colors**
