### OUR LEARNING

This week we will study spelling words with different ways to spell the long o sound. Please practice reading the words along with spelling them. We will continue reading another chapter book with our book clubs. In writing we will decide on a topic and begin doing research for our animal report.

In religion we will spend lots of time preparing for First Communion! It's an exciting week with lots of activity. We will make bread, practice receiving with unconsecrated hosts, make a special craft and much more. Please pray for our First Communicants!

### OUR LEARNING

In math we will start a unit on identifying and counting money. Experience at home with actual coins is really helpful, especially the newer nickel and all the state quarters.

In science we will continue learning about simple machines. This week we will learn about screws, nails and levers.

### REMINDERS

- MAPs testing continues this week. 2nd graders will take the reading, math, and language arts tests.
- First Communion is this Sunday, April 28th at the 11 a.m. Mass at St. Charles.

**St. Charles Borromeo School is a Catholic community of faith, academics and service for all.**
