## GREETINGS PARENTS!

I hope all of you are enjoying the fall weather. This week our theme is "Fall Harvest". We will be reading the books "Nuts to You" by Lois Ehlert, "Hedgehugs" by Steve Wilson, "Sunflowers Life Cycle" by Mary R. Dunn and "Counting on Fall" by Lizann Flatt.

Our small groups will include working with the Promethean White Board, practicing to draw shapes. The 4's and 3's will practice writing their names on the white board. The 4's their full name and the 3's the first letter of their name. We will also be playing a couple of games, "The Shape and Sorting Center Game" that includes matching everyday items to discover shapes all around us and the "Early Math Activity Game" that includes sorting by size, counting and patterning. In our sensory table we will have fun exploring Jewel Corn.

We will plan on having some fun in Large Group Art Activities including painting with Jewel Corn, making candy corn sunflowers (using real candy corn) and using shredded wheat to enhance the children's motor skills by crumbling pieces on a printout of a squirrel to create the fur.

Fall is here, please make sure to dress your child appropriately for the weather change. Enjoy the beauty of the fall colors that the Lord blesses upon us each year.  
God Bless,

**Teresa Evans**
