

Mrs. Sullivan's Notes

October 25, 2024

Dear Families,

Today is the last day of the marking period. I have told a few students I will accept their absent work Monday morning, but for the majority of the students, the time for homework submission for the first quarter is done.

Our middle school trip to Camp Roger is on Monday. Please ensure your student has a water bottle and lunch packed. We will provide a snack. Jeans, sweatshirts, and sturdy shoes are recommended. The weather looks like it will cooperate!

Thursday is Halloween. Students can be out of uniform. Remember ladies' shirts must be fingertip length if they are wearing leggings. We will have a short party after recess, and before ELA and Theology, if anyone would like to send in a treat or snacks. We have 18 students in class this year. Remember, we have a student with a peanut and tree nut allergy, please make sure we all can enjoy the festivities.

We will have our Living Saints Museum presentation on Friday from 12:30-1:30. Please come see the hard work your students have done!

Specials next week will be Art on Monday, PE on Tuesday, Library on Wednesday, PE and Halloween party on Thursday, and Spanish on Friday. Father Jim is on vacation, so there won't be Mass on Wednesday, but we will have a visiting priest for All Saints' Day Mass at 9am on Friday, November 1. Please join us.

ELA - In grammar, both groups are working still with pronouns. Please make daily reading a part of your student's routine. Unit 4 vocabulary words are on the back. Vocab work will be due 10/29. The vocabulary test will be on 10/30. Grade 5/6 is busy practicing their saint presentation for the Living Saints Museum on November 1. I am trying to find a comparable essay contest for Grade 7/8. Our contact for the Fleet Reserves no longer lives in Michigan.

Social Studies - Most did very well on their states and capitals test. Grade 5/6 is learning about the early settlements in America. Grade 7/8 is learning about the road to the Declaration of Independence.

Science - In Grade 5/6 Science we have finished our unit healthy and unhealthy ecosystems. We will have some review next week, with a test probably on Thursday.

Peace,

Mrs. Sullivan
