

# Mrs. Sullivan's 5/6 Friday Note

May 23, 2025

Dear Families,

Tuesday and Thursday homework help has ended for the year. Hopefully students with much missing work and poor grades will complete that by the end of the week so they can participate in Fun Day on June 4.

ELA - We are working with punctuation and capitalization in grammar. We should be able to finish reading our last class novel of the year, *Freak the Mighty*, next week. Students will be writing a journal entry after each chapter. I would prefer that students do not read ahead in our novel, so they should have another book to read during quiet reading time. We took our last vocabulary test of the year today. Our final book project will be vocabulary related, so we aren't quite done with all vocabulary yet.

MATH - We will have the final Simple Solutions test on Friday, May 30.

Math 7 - We will be reviewing how to write and solve equations and finish the year with a test on that.

Math 6 - We are working with order of operations and writing and evaluating numerical and algebraic expressions.

Math 5 - We are working with place value.

Peace,

Mrs. Sullivan
