Our Learning

Spelling: Our test is Friday over common sight words.

Reading: We will start our first issue of Super Magazine to practice non-fiction reading skills. We will also have our first weekly writing homework assignment.

Grammar: We'll continue the chapter over types of sentences.

Religion: We'll continue learning about the 7 Sacraments, with a focus on Baptism. Please practice the Act of Contrition and Morning Offering prayers at home.

Students need to memorize both prayers.

Science: We'll continue our unit on physical properties of matter.

Social Studies: We will continue learning about the characteristics of communities.

Our Learning...con't

Math: We will begin a chapter over equal groups and odd/even numbers. Please practice memorizing addition and subtraction facts at home. Old fashioned flashcards are a great tool for this. 2nd graders need to have good command of these facts for success in adding/subtracting larger numbers this year.

From Mrs. Kemp

Three weeks of school have passed already! We are approaching our first five day week, and our goal each day is to increase our stamina for working and listening to directions, especially in the afternoons. Our class tends to struggle after lunch. Please support this growth at home by checking with your student about how he/she follows directions. I know with a little extra hard work we can do great things!

**St. Charles Borromeo School is a
Catholic community of faith,
academics and service for all.**
