Feb. 6, 2026

GREETINGS PARENTS!

Our theme this week was Groundhog Day! We learned what makes the groundhog special and how it helps us know about the changing seasons. This year, the groundhog saw his shadow, which means six more weeks of winter. The children had so much fun exploring shadows and winter traditions.

Activities included making a groundhog puppet using paper bags, creating shadows with flashlights, playing a Groundhog memory game, and playing "Groundhog Says" just like Simon Says. Our number of the week was 12, and we practiced counting and sorting using egg cartons and pom-poms.

Our spiritual lesson was "God made the seasons and we can trust His plan." We played a four seasons sorting game and completed a four seasons floor puzzle to help us understand how God's world changes throughout the year.

Valentine's Day is coming up! Our party will be Wednesday, February 11. We will be exchanging valentines. We have 23 students, so please do not address each individual child-just who the valentine is from. If your child plans on sharing a treat, please remember we are a peanut free classroom.

Midwinter break is February 13-16. School will resume Tuesday, February 17.

Thank you for your continued support and sharing your wonderful children with us!

Many Blessings,
Mrs. Evans, Mrs. Slating and Mrs. Norton
