

# Kindergarten

## NEWS

January 30, 2026

Dear Parents,

Despite the frigid temperatures and a week of indoor recess, we had a wonderful week of celebrating Catholic schools and our 100<sup>th</sup> day of kindergarten! We were treated to a delicious breakfast on Monday, had fun playing games with the 4<sup>th</sup> graders on Tuesday, had a blast at the bowling alley on Thursday, prayed the rosary and made cards for Veterans on Thursday, and ended our week with a 100<sup>th</sup> day celebration. We turned carrots and cucumbers into "100's" and made 100<sup>th</sup> day glasses. Students did 100 exercises, read 100 short books, played a "race to 100" game, and worked in teams to create structures made of 100 cubes to shelter their dinosaurs from the snow and cold. Thank you for your help with the amazing 100<sup>th</sup> day of school projects! They are so creative! We will have them displayed for the next couple weeks. Next week we will be learning about Groundhog's Day, St. Bridget, St. Agatha, St. Blaise and the Presentation of the Lord.
