March 14, 2026

Dear Parents,

I hope you had a great week, despite the return to winter! Spring officially begins next Friday, so we are really hoping for some much warmer temperatures! A BIG thank you to this week's Mystery Readers, Mrs. Holt and Mrs. Albert! The kids were all very anxious and excited to see if it was their mom or dad at the door when the phone rang! Please let me know if you are still interested in reading to the class! In other exciting kindergarten news, Weston lost his first tooth at snack time on Wednesday, and the entire class was very excited!

The kids were busy in music class on Thursday, learning an Irish song and dance. Thursday afternoon they began making very creative leprechaun traps in the classroom. We are using gold and candy in the hopes of catching a leprechaun!

We passed avocado seeds around this week and I was amazed that a few students actually knew what they were! We are in process of growing them now and seeing what happens next!

Thank you to our Middle School Interact group for planning our March Reading Month theme-The Very Hungry Caterpillar. Kindergarten students are spending a very quiet 15 minutes each day reading/looking at books to earn a section of our caterpillar. Older siblings may have sheets at home to record reading time/pages, but I thought it might be easier for you if we just recorded our time at school. Feel free, however, to continue reading at home and record those minutes for the Whitecaps reading challenge!

We continue to pray the Stations of the Cross on Monday mornings, and students have been working on their individual books. Several students finished their booklets and brought them home this week. We are reading many books about The Entry into Jerusalem, The Last Supper, The Crucifixion and The Resurrection.

Have a wonderful weekend!
